**PRESIDENT'S
REPORT
October 2021**

Hello everyone and welcome,

This year is closing fast and so as usual our calendar seems to get busier and busier. A quick mention that after Monday's meeting, our fishing guru Mr. Frank O will give a short spiel on freshwater fishing at Somerset dam for the competition to be held thereon the 16th to the 18th of November. Well worth waiting around at the end of the meeting to learn from the master.

We also have our Rainbow Beach trip for the 15th to 17th of October and an unbelievable 54 members are attending. This is our largest trip away in my history of the club, so with all the great planning of our social coordinators Mike and Margaret, it should be an outstanding trip.

All plans are coming together for our two last Barbecues and our end of year Trophy Night.

Just a quick mention that a lot of members are still not signing in at the meetings and barbecues. This is a must do as these figures are kept on our master attendance sheet for recording attendances which is used for subsidies. This is important for next year as our new motion calls for six accumulated meetings, barbecues and raffle roster; not four as was the case in 2021.

There are too many members turning 70 in September this year, so I won't name you all but wishing you all happy birthdays and many more.

I would like to take this time to also mention the committee for next year, as we are still requiring a couple of standout members for positions, and to the newer members, this is an ideal situation to get to know the club and its many members and attributes.

I'll sign off now and hope your fishing is improving like the weather and see you soon.

Bribie
Island RSL Club

The Bribie RSL Fishing Club provides a real service to the community by extending the hand of friendship not only to fishermen and women with a common interest, but also to the many residents of Bribie Island and the surrounding area who would otherwise lead a lonely existence. Currently our club has approximately eighty members of whom only twenty to thirty are regular fisher people.

Without the ability to raise the necessary funds, our club would not be able to exist, so through the generosity of the Bribie RSL Club, members of our club are able to raise the finances required by conducting meat tray raffles on a Thursday night from June until January of each year. In addition, the Bribie Island RSL Club supports us in very substantial and significant ways – use of facilities at the Sports Club for our monthly presentation BBQ's, use of the ANZAC room for our monthly general meetings and very importantly, a \$25 voucher each month for our member's draw. Many thanks Bribie Island RSL Club – we really do appreciate your support.

John Breaks his own Record

John Casey is a bit of a quiet achiever. He doesn't say much but he is always there when its time to go fishing. John certainly has the experience in all forms of fishing and is as much at home offshore as he is inshore.

Earlier this year John caught a monster Flathead which weighed in at 4.7kg which broke a long standing record held by Barry Winnett. Although John's latest catch doesn't break any of the Fishing Club's records, his heart stopped beating for a while when he realised that this flathead was on the end of just a ten pound line.

He shouldn't have worried as Ron Winnett simply slid the net under the fish and whipped it on board.

Another Record Breaker

John Wicks was fishing just south of Shallow Tempest when something big smashed his pillie. These Samson Fish are known as one of the hardest fighting fish in the ocean but this 10Kg monster was no match for the muscles of this ex-farmer. John did have a bit of trouble lifting the fish for the photo though.

Random Photos

1. Coffee at “The Beach Shack” is always a great morning. Coffee and Lamingtons but very few members turned up to enjoy them.
2. Ron and Richard travelled a long way to get these Tusksies. Mike Phillips was there but they didn’t start to bite until Mike left.
3. Grandpa Plant is handing all his fishing knowledge to his Grand Daughter.

Meg Joins the 1Kg Club

Its Just another bream you say BUT there are only one or two people in the club who have caught a 1Kg Bream. Meg Johnson caught this 1Kg and .5Kg bream on Pebble Beach.

The Woorim Whiting Competition

It was about five in the morning when Peter McGruddy and Amrat Chauhan started preparing for the BBQ breakfast on Sunday morning. The smell of bacon, eggs and sausages soon had everyone lining up before heading off to the beach in search of that massive whiting. Well there are times when the fish are on and there are times when they are not. Steve Burns is pictured below holding up one of the eight fish caught for the day.

Meg Johnson had been practicing for a number of weeks, so it was obvious that she was going to catch the biggest fish, closely followed by Mike Phillips. Not many people are aware that our Treasurer Heatherbell is a fishing fanatic and given a little more time, she may have caught a few more. Brian Johnson is the perfect husband. Always there to support his wife and always keeping his fish just a little smaller than his better half.

It was also great to see so many people out on the beach trying their luck and speaking of luck. Ony Roubin was the lucky angler of the day.
